very easy going list,  
with options to not purchase anything you don't have yet if you don't want to

- 1) a sketchbook. any kind that can hold multi media & you can tote around with you in your bag. (my favorite is the [handbook brand travelogue artist journal](#) for its cream paper that can withstand watercolor, its 128 pages, size, nice linen cover, and cheap price!)
- 2) drawing utensils (YOUR FAVORITE!) can be ANY kind (dry, wet, chalk, oil, pencil, ink.... . . as long as it inspires you...) if you are at a loss, my favorites are:  
pencil- [blackwing - matte](#) worth it if you are a graphite nerd like me  
pen - [pentel arts hybrid technica gel pen](#) super yummy gel pen  
black and white - [plain old sharpie/felt tip pen](#) old faithful  
color marker - [pentel sign pen](#) super cheap
- 3) something to hold said materials - ie: a pencil case, a lunch box, a fishing tackle box...etc
- 4) \*& *completely* optional if you are looking for something more involved/something new to try out (NOT REQUIRED AT ALL): [caran d'ache neocolor ii water soluble wax pastels](#) (hint: at [ARCH art supplies](#) in store, you can hand pick out all your colors and they are much better colors than in the pre-packaged packs...) ;)
